An **Informed Consent** communicates policies and procedures of **Advanced Clinical Nutrition (A.C.N.)**, so we may provide our services with clarity and your "consent." This Informed Consent is about our Business Policies, which are also established to communicate both our and the client's responsibilities and procedures, so we may maintain a healthy working relationship and provide timely and efficient services. Therefore,

1. The term "products" represents any tangible item for sale, whether it is a book, personal care product, appliance, health equipment, supplement, lab report, article, e-book, etc.
2. Payment may be made by Visa, MasterCard or Discover cards only (credit, debit, check card or travel cards). Clients are sent an email receipt at time of payment through Authorize.Net.
3. Payment of services and products are pre-paid, such as Lab Requisitions; Lab Kits; Analysis Fees; Nutritional On-site Tests, Exams and Evaluations; Questionnaires for Evaluations; Books; PEP Articles; e-Books; therapeutic and maintenance supplements; personal care, household or other products; appliances, health equipment, and/or Special and Back Orders. No billing or monthly payment plans provided. Paid Invoices accompany products and Lab Kits.
4. Payment of consultations is due at the conclusion of the appointment, once total consultation time has been established. Consultations may also be pre-paid. However, if consultation time extends beyond amount pre-paid, payment is due for the balance when appointment has concluded. For example, when a Report of Findings Consultation exceeds the 15-minute consultation included in the Analysis Fee for some Lab Tests and Kits.
5. Paid Invoices will accompany products and/or Lab Kits shipped. Paid Invoices for consultations are mailed 24-72 hours after appointments. If the computer is unable to open emailed invoices, simply click the REPLY button to send back the email. This will communicate to A.C.N. to scan and email a PDF copy of the invoice to you as soon as possible. Clients without email or email access will receive paid invoices as receipts with product and Lab Kit shipments or for paid consultations, invoice will be USPS mailed in an envelope; in addition to copies of policies posted on website and client announcements. However, since emails are free services and access to a computer at the library or a friend or family members is a solution for clients who do not own a computer, clients are asked to provide email address and check for A.C.N. emails at least once weekly.
6. A.C.N. has a right to charge a minimum of \$30 for any payment that results in a card chargeback, stop payment, insufficient funds or other purpose, in addition to administrative or processing fees.
