

MAN GROWS NEW TOP OF THUMB WITH OUR STEM CELL THERAPY SUPPLEMENT

Compliments of Dr. Donna F. Smith

After over 42 years of clinical experience and study in the scientific fields of Clinical Nutrition (Functional Medicine), Dietetics, Naturopathy and Herbology, I have discovered four whole food supplements, that I refer to as the four “Essential Nutrients,” that every person on the planet needs to take daily.

Our Essential Nutrients are safe and effective for both therapeutic and health maintenance purposes and as for daily maintenance, deliver so much more than the FDA recommendation for daily nutrient requirement, known as a multiple vitamin and mineral supplement.

This document was written to share Beatrice and John’s Testimony regarding just one of many amazing benefits of our **Stem Cell Therapy** supplement, which is Essential Nutrients #1 of 4.

TOP OF THUMB REGROWN

Beatrice and her husband, John, had been taking our stem cell therapy supplement for nearly a year when this accident occurred on March 23, 2023: John cut off the end of his thumb.

This document was written to share his photos, which really show the healing power of the body when supplemented with our stem cell therapy supplement.

All he did to assist his innate healing processes was: Once a day, he applied this “Essential Nutrient” stem cell therapy supplement on the wound of his thumb and continued to take it orally, once a day, as he had been.

The second photo is April 23rd and the last 2 pictures are May 9, 2023!

(Note: names are changed due to client privacy.)

BE PREPARED - THE PHOTOS ARE QUITE GRAPHIC!

AMAZING!!!

These photos also demonstrate the amazing healing on the “outside” of the body that is also taking place on the “inside” of the body, for all of those, who take our stem cell therapy supplement orally each day, with respect to their own specific health issues.

In fact, according to the quantum physics team, who formulated our stem cell therapy products after over 50 years of research,

1. After consuming for four years, every organ and gland in the human body has been regenerated (i.e., every organ and gland in the body contains all new healthy cells).
2. After seven years for the skeletal system – i.e., the cells of the spine and every bone/joint have all new healthy cells.

MY TESTIMONY:

As for me personally, I have been consuming our stem cell therapy oral supplement since April 2021. I was introduced to this by a colleague when I was researching to enhance the design of my own Clinical Nutrition Therapy, in order to assist my innate healing processes in restoring my Musculoskeletal system.

I had had a sports accident that resulted in my walking with two canes (preferred over a walker) due to the inability to take weight-bearing steps without severe pain. My neurologist told me that, in a year, I would be paralyzed and live the rest of my life in a wheelchair if I did not have surgery. I thanked him for his assessment of my MRI and declined his surgery and pain-killing drugs.

I am delighted to report, at the time of writing this document, that not only am I not paralyzed and not living in a wheelchair, it is now over a year and a half since my neurologist said this.

And our **Stem-Cell Therapy** has been a major addition to my overall Clinical Nutrition Therapeutic Supplement Program.

Compliments of Dr. Donna F. Smith

I am glad to report that I am walking without the use of canes and have no 24/7 pain since mid-July, 2023.

The above is just one of many, many benefits that I and my clients have experienced using our **Stem-Cell Therapy**, both orally and topically, AND is why I will be using them daily for the rest of my life.

If you are interested in more information, including other amazing before and after photos, using our stem cell therapy products, please give me a call.

Have a blessed day,

Dr. Donna F. Smith

ABOUT DR. SMITH

Dr. Donna F. Smith is the owner of **Advanced Clinical Nutrition** (est. 1981) in Wichita Falls, Texas, where she provides **Clinical Nutrition Testing and Therapy** (aka Functional Medicine), based on the findings from a **Clinical Nutrition Analysis of the Laboratory Reports** from testing her clients' biochemistry (i.e., blood, urine, saliva, stool, hair, and genetics, etc.). She has a success rate of over 90% helping her clients improve their health and her clients, currently, reside in 37 U.S. states and seven international countries.

Dr. Smith also serves on the Board of Directors for the **International and American Associations of Clinical Nutritionists** (IAACN.org). She has served as a Head Start Board Member Dietary and Nutritional Advisor; IAACN Texas Chapter Board of Director Secretary; National Health Federation Founder and President of the Wichita Falls Chapter, and Co-founder of the Association of Alternative Health Care. Her professional biography has been published in several Who's Who Directories in the Library of Congress.

Interviews to date include a variety of nutrition-related topics by NBC and CBS network television news reporters, podcasts, such as The Female Millionaire, and radio, which includes a monthly series of Mid-Day Radio Talks with Susie Bradshaw KWFT Radio for 22 months, interviews by Dennis Courtney, M.D. Radio Talk Show in Greensburg, PA. and, locally, by Joe Tom White Morning Radio Show.

She is also a contributing writer for *The Villager*, a South Denver, CO., newspaper (since 3/2021), *Wichita Falls Parent Newsmagazine* for six years and is a freelance nutritional health writer for a variety of publications, having written over 100 articles for internet and traditional magazines, such as the *American Chiropractic Magazine*.

Dr. Smith's public speaking engagements include various clubs, organizations, corporations, hospitals, clinics, universities and scientific conferences, such as the IAACN, national groups of scientists and biochemists of the American Society of Clinical Laboratory Science (ASCLS), Stephen F. Austin University, Midwestern State University, Columbia Southwestern Medical Center, Optimist Clubs, Toastmasters, Business and Professional Women's Club, Women Entrepreneurs, Worksite Wellness, American Heart Association, Parkinson's Group, and St Gobain Corporation, to name a few.

Clinical Nutrition Testing, Therapy, Maintenance and Personalized Dietary and Lifestyle Education Services are provided by mail, e-mail, and telephone consultations. Lab Kits are mailed to each client's home, where they collect their specimen samples and then mail them directly to our Laboratories and/or have blood drawn and routine urinalysis collected at a local Quest Laboratory near their home.
